## About

My goal is to graduate with a B.Sc. in Computer Science. In order to achieve this, I am searching for a company with an interesting internship assignment that I can fully invest myself in. I am open to long and short term opportunities, both on-site and remote, anywhere in Europe.

I would describe myself as energetic, creative and a quick learner.

## Education

- 15 – present**      **B.Sc. in Software Development**  
HAN, Arnhem, The Netherlands  
Expected to graduate mid 2020
- 19**                **Academic Minor**  
University of Warsaw, Poland
- 10 – 15**          **General Secondary Education (O Levels)**  
KSG, Apeldoorn, The Netherlands

## Language Skills

Dutch	Native
English	Fluent (CAE Certificate - Level C2)
German	Limited competency
French	Basic
Polish	Basic

## Skills

## Working Experience

**06/18 – present**

**Print.com**

*Software Developer*

Creating Vue.js front-end applications and TypeScript Serverless back-end micro services, with the goal of processing and supporting the ordering of printed products.

**02/18 – 06/18**

**Dutch Tax Department**

*Intern Software Developer*

Creating Java/JavaScript applications related to income tax. Analysing legacy applications to improve code quality, testability and security.

**03/17 – 07/17**

**Irias Informatiemangement**

*Part-time Software Developer*

Creating applications with a Java back-end, AngularJS front-end and PostgreSQL database for visualising public transport data (e.g. route times and delays).

## Interests

Besides Software Development and my personal side projects, I enjoy playing video games and have a passion for music. I also really like traveling and discovering new cultures and languages.

Physical activity is also important to me, in my free time I enjoy bouldering & snowboarding.
